

**One (1) NEW MODEL, ALL WHEEL DRIVE, DUAL DIESEL POWERED
CAB FORWARD CHASSIS WITH ROTARY PLOW
ITB #2022-06**

ADDENDUM #1

NOTICE OF CHANGE IN MINIMUM REQUIREMENTS AND CLARIFICATION OF VERBIAGE

The following are clarifications to the Minimum Requirements in ITB #2022-06, One (1) NEW MODEL, ALL WHEEL DRIVE, DUAL DIESEL POWERED CAB FORWARD CHASSIS WITH ROTARY PLOW for the Charlottesville-Albemarle Airport Authority:

ACCEPTABLE SUBSTITUTES FOR PERFORMANCE REQUIREMENTS:

Specification: 4-Speed Transmission.

A 6 speed transmission coupled with a single speed transfer case is acceptable.

Specification: Alternator 270 Amps.

A drive engine equipped with a 100 amp alternator, an auxiliary engine equipped with a 150 amp alternator, resulting in an equivalent 400 amps at 12V conversion is acceptable.

Specification: Air Horn

A dual electric horn is acceptable.

Specification: Extended Warranty

The extended warranty is not an alternate and shall be included in the base bid.

Specification: Required items

The following items **are required** with the unit:

- A 10 lbs. cab mounted fire extinguisher and a 20 lbs. external fire extinguisher.
- Cab air conditioning
- Heated windshield wipers
- 20 gallon deluge washer system
- AM/FM Radio

Specification: Items not required

The following items **are not required** in the unit:

- Jack, Lug wrench
- All-wheel steering

VERBIAGE CLARIFICATION:

Page 10, Extend Warranty Section shall read: This extended warranty shall in no way induce additional costs, maintenance, oil testing, or additional oil change intervals on the Charlottesville-Albemarle Airport Authority.
